## The RPG Research Trailer

[www.gofundme.com/rpgtrailer](http://www.gofundme.com/rpgtrailer)

### GOAL

To build a wheelchair friendly mobile facility to extend the geographic range of the RPG Research Project beyond the Spokane area to the rest of the Northwest and North America, providing an ideal RPG experience.

### Fundraiser Overview

The goal is to provide for the down-payment & transportation costs of a custom-built trailer designed for role-playing gaming (RPG) that is very wheelchair friendly.

This will make it possible to provide RPG in all forms (tabletop, live-action, & computer-based) to under-served populations, including rural locations & people with special-needs.

The trailer broadens research studies on the therapeutic & educational effects of RPGs to include all of North America, rather than being limited to a local office or a specific geographic area.

The plan is to widen the geographic reach providing RPG sessions in standard formats, including the intrinsic benefits for many populations. Later providing actual therapeutic programs using RPG to help clients with developmental and recovery needs from a Therapeutic Recreation approach.

### Key Trailer Specifications

This wheelchair accessible trailer will provide the benefits of RPG for many people with special needs over a broad geographic area. Features of the trailer include:

- Wheelchair accessible, easy access, ramp.
- ADA compliant restroom.
- Lower ride-height to ease wheelchair access.
- Wheelchair friendly table & seating arrangements.
- Seating for up to 10 participants at a time.
- Transport all materials necessary for all forms of Role-playing games: tabletop, live-action, and computer-based.
- Extend the research of RPG-related research & services capabilities throughout the North America.
- Provide services at facilities normally unable to accommodate RPG-related activities for their patients.

### Donor Rewards

To recognize those kind enough to donate toward making this trailer a reality, the following rewards are available to donors:

**\$25+** If fully funded, all donations of \$25 USD or more can be listed (with your permission) on the RPG Research website's List of Donors to say thank you for generous help in turning this vision into reality.

**\$100+** If fully funded, all donations of \$100 USD or more can be listed (with your permission) on the RPG Research website's List of Donors, AND your name mentioned in the thank you video on the RPG Research Youtube Channel <http://youtube.com/rpgresearch>

**\$250+** If fully funded, all donations of \$250 USD or more can be listed (with your permission) on the RPG Research website's List of Donor's, AND your name mentioned in the thank you video on the RPG Research Youtube Channel, AND added to the "Thank You" Donor Placard that will be in clear view on the inside of the trailer.

**\$500+** If fully funded, all donations of \$500 USD or more includes all of the options from the lower

donor levels, PLUS your name listed on the outside of the trailer (with your permission) saying Thank you, (with other donor names of this donor size if applicable on a single 24x36 sign or painted on directly) near the RPG Research Logo on one side of the trailer.

**\$1,000+** If fully funded, all donations of \$1,000 USD or more includes all of the options from the previous donor levels, plus your name listed with a "Thank you", on all three sides of the trailer, AND if you are within 500 miles of Spokane, Washington, or anywhere within 500 miles of the route between Spokane and Mesa, Arizona (where the trailer is built), after I pick up the trailer, if scheduling permits, I can swing by on the way back to Spokane to show you the trailer that you helped make a reality, for a visit of up to two hours (if you wish).

**\$2,000+** If fully funded, all donations of \$2,000 USD or more includes all of the options from the lower donor levels, PLUS (if you wish) if able to visit you within that 500 mile radius from the route, can run a tabletop role-playing game session for you and your friends (up to 6 players) for up to 6 hours, as a huge thank you for making this a reality. If you are outside of the 500 mile reach of the route, and if all funding costs are met and you wish to donate additional funds to cover the additional travel costs to your location, I would be happy for the opportunity to come to you, calculating roughly 10 miles per gallon for gasoline (roughly \$3.50/gallon currently) for the distance round trip.

Any funds that exceed the minimum \$6,500 down payment and minimum travel expenses to pick up the trailer and return, will be first be used toward paying for any additional transportation costs to visit donors and say thank you in person, and any remaining thereafter applied entirely toward paying down the principle on the loan balance for the rest of the cost of the trailer (up to \$40,000 USD).

The monthly cost for the trailer loan is less than the current cost of the RPG Research Offices in Spokane, Washington, which will no longer be necessary once this trailer is available.
